

No. C-MET/HD/SP-41/GB/09/2019-20/11619

Date: 11.02.2020

Centre for Materials for Electronics Technology (C-MET), Hyderabad invites Tenders against Tender No. C-MET/HD/SP-41/ GB/09/2019-20/11619, dated 11.02.2020. Closing Date/Time **13.03.2020 at 17:00 Hrs.** Bidders will be able to submit their original/revised bids upto closing date and time only.

## 2. ITEM: ATMOSPHERE CONTROLLED GLOVE BOX

Supply, Installation and Commissioning of Atmosphere Controlled Glove Box.

Tender Type : **OPEN TENDER**  
Pre-Bid Meeting : **26.02.2020 from 12:00 – 13:00 Hrs.**  
Closing time : **13.03.2020 at 17:00 Hrs.**

*Note: Bidders who downloaded tender documents from our web site shall send an email to [venkatesan@cmet.gov.in](mailto:venkatesan@cmet.gov.in) immediately giving the tender reference number, date of downloading, your full address and contact details. This will help us post any corrigendum or addendum to the tender taken place after the bidder downloaded it. Addendum/corrigendum will be posted in our website as well as in CPP portal only. It will also be sent to bidder who had informed after downloading of the document from our website.*

### Pre-Bid Meeting:

The Pre-bid tender meeting will be held on date & time and specified above in the Laboratory premises. Interested firms are requested to attend the pre-bid meeting and inform their attendance to the e-mail id: [venkatesan@cmet.gov.in](mailto:venkatesan@cmet.gov.in). The clarifications/queries, if any in this regard, should reach the lab on or before 22.02.2020 at 17:00 Hrs to discuss the same in the pre-bid meeting.

### NOTE:

- (i) The Technical bid & Financial bid should be in separate sealed covers
- (ii) The quotation should be submitted in the enclosed format only.
- (iii) The Enquiry Letter No. & date should be clearly indicated in the quotation, otherwise quotation will be rejected.
- (iv) Firms or their authorized representatives are requested to attend the opening of Technical bids on 16.03.2020 at 11:30 hours. If there is any delay in opening of technical bids will be intimated to the bidder.
- (v) These details are also available in our website: <http://www.cmet.gov.in> & CPP Portal
- (vi) The offer should be valid for a period of 120 days from the date of opening of Tender.

- (vii) C-MET is registered under Department of Scientific and Industrial Research (DSIR) and eligible for concessional GST rates @ 5% for Research Institutions as per Notification No 45/2017-Central Tax (Rate) dated 14.11.2017 and Notification No. 10/2018-Integrated tax (Rate) dated 25.01.2018. The requisite certificate for availing concessional GST Rate along with documents will be provided.

**3. Bid Security Declaration:** The bidder has to sign a Bid Security declaration accepting that if the bidder withdraw or modify its bid during the period of validity i. e., not less than 120 (one hundred twenty) days from the bid due date or if the bidder is awarded the contract and fail to sign the contract or to submit a performance security before the deadline defined in the request for bid documents, the bidder will be suspended for participation in the tendering process for the tenders of C-MET, Hyderabad for a period of one year from the bid due date of this tender. The bid securing declaration shall be submitted as per format (Format for Bid Security Declaration).

#### **4. SUBMISSION OF BIDS**

##### **(i) Sealing and Marking of Bids**

- (i) The Bidders shall seal the two envelopes in separate inner envelopes, duly marking the envelopes as Technical Bid and Commercial Bid. Tender Reference No. and name and address of the Bidder should be marked on each of Technical Bid Envelope and Commercial Bid Envelope. These two envelopes should be placed inside an outer envelope. The outer envelope shall be sealed and indicate Tender Reference No. and name and the name and address of the bidder.
- (ii) The inner and outer envelopes shall be addressed to the Administrative Officer, Centre for Materials for Electronics Technology, IDA Phase-III, Cherlapally, HCL (Post), Hyderabad-500 051, Telangana State, INDIA.
- (iii) The inner envelope shall also indicate the name and address of the Bidder to be returned unopened in case it is declared "LATE".
- (iv) If the outer envelope is not sealed and marked as specified, C-MET will assume no responsibility for Bid's misplacement of premature opening.
- (v) E-mail, FAX bids will be rejected.

##### **(ii) CLARIFICATION OF BIDS**

During evaluation of bids, C-MET, at its discretion, may ask the Bidder for clarifications of its bid. The request for clarifications and the responses shall be in writing and no change in prices or substance of the bid shall be sought, offered or permitted. However, no post bid clarification at the initiative of the bidder shall be entertained.

#### **5. Deadline for Submission of Bids**

- (i) Bids must be received by C-MET at its address mentioned above not later than **17:00 Hrs. on 13.03.2020**. Bids may be sent through courier/speed post or dropped in the Tender Box available in the Laboratory. In the event of the specified date for the submission of Bids

being declared as a Holiday for C-MET, the bids will be received upto the appointed time on the next working day.

- (ii) C-MET may, at its discretion, extend this deadline for submission of bids by amending the tender document, in which case all rights and obligations C-MET and Bidders will thereafter be subject to the deadline as extended.

## **6. Late Bids**

Any bid inadvertently received by C-MET after the deadline for submission of bids prescribed by C-MET, will not be considered and returned unopened to the Bidder.

## **7. Contacting C-MET**

No Bidder shall contact C-MET, Hyderabad on any matter relating to its bid, from the time of the bid opening to the time of contract is awarded. If he wishes to bring additional information to the notice of C-MET, it should do so in writing. C-MET reserves its right as to whether such additional information should be considered or otherwise.

Any effort by a Bidder to influence C-MET in its decision on bid evaluation, bid comparison or contract award shall result in disqualification of the Bidders Bid.

## **IN CASE OF ANY LEGAL DISPUTE, THE JURISDICTION WILL BE HYDERABAD (INDIA) ONLY.**

### **CLARIFICATION ON BIDDING DOCUMENTS**

A prospective Bidder requiring any clarification of the bidding documents may notify to

Administrative Officer  
IDA Phase-III  
Cherlapally, HCL (Post),  
Hyderabad-500 051  
TELANGANA STATE, INDIA  
Tel No.:+91-40 27265587 / 27267006  
Fax: +91-40-27261658

## **8. TERMS AND CONDITIONS**

**F.O.R:** C-MET, HYDERABAD

### **Delivery Period**

The System should be supplied within 12 (Twelve) Weeks from the date of placing Purchase Order.

**LIQUIDATED DAMAGES:** – The delivery period quoted should be realistic. The delivery period so quoted and mentioned in the order is the essence of

**the order/contract. In case of delay in delivery of material as per the delivery schedule, Liquidated Damage @ 0.5% per week or part thereof on the undelivered portion subject to a maximum of 10% of the contract value shall be levied. Wherever, installation and commissioning is also involved, the supply will be deemed to have been completed only when the entire stores is supplied, installed and accepted.**

#### **9. PERFORMANCE SECURITY DEPOSIT (PSD)**

- Within 21 days of receipt of the notification of award/PO, the Supplier shall furnish Performance Security (PS) [also known as Bank Guarantee] in the amount specified in the purchase order. It is an option to the Purchaser either to submit single Bank Guarantee/FD etc as detailed to cover both supply, installation and commissioning (as indicated in PO/WO) and warranty/extended warranty period or two BGs one each to cover supply and warrant/extended warranty separately. The validity shall be as stipulated in PO plus 60 days.
- The proceeds of the performance security shall be payable to the Purchaser as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.
- The Performance Security shall be denominated in Indian Rupees for the offers received for supplies within India and denominated in the currency of the contract in the case of offers received for supply from foreign countries or in equivalent Indian Rupees in case the Performance Security is submitted by the Indian Agent.
- In the case of imports, the PS may be submitted either by the principal or by the Indian agent and, in the case of purchases from indigenous sources, the PS may be submitted by either the manufacturer or their authorized dealer/bidder.
- The Performance security shall be in one of the following forms: (a) A Bank guarantee or stand-by Letter of Credit issued by a Nationalized/ Scheduled bank located in India or a foreign bank with preferably its operating branch in India in the form provided in the bidding documents. Or (b) A Banker's cheque or Account Payee demand draft in favour of the purchaser. Or, (c) A Fixed Deposit Receipt pledged in favour of the Purchaser.
- The performance security will be discharged by the Purchaser and returned to the Supplier not later than 60 days following the date of completion of the Supplier's performance obligations, including any warranty/extended warranty obligations, unless specified otherwise, without levy of any interest.
- In the event of any contract amendment, the supplier shall, within 21 days of receipt of such amendment, furnish the amendment to the performance security, rendering the same valid for the duration of the contract, as amended for further period of 60 days thereafter.
- The performance security must be received within 21 days. However, the Purchaser has the powers to extend the time frame for submission of Performance Security (PS). Even after extension of time, if the PS is not received, the contract is liable to be cancelled provided that the purchaser, on

being satisfied that it is not a case of cartelization and the integrity of the procurement process has been maintained, may, for cogent reasons, offer the next successful bidder an opportunity to match the financial bid of the first successful bidder, and if the offer is accepted, award the contract to the next successful bidder at the price bid of the first successful bidder.

- Whenever, the bidder chooses to submit the Performance Security in the form of Bank Guarantee, then he should advise the banker issuing the Bank Guarantee to immediately send by Registered Post (A.D.) an unstamped duplicate copy of the Guarantee directly to the Purchaser with a covering letter to compare with the original BG for the correctness, genuineness, etc.

**10. PAYMENT TERMS**

Our standard payment term is 100% payment within 30 days against receipt, installation, commissioning, training and acceptance of material in good condition by NEFT/RTGS subject to submission of BG for 10% of basic cost covering warranty period including extended warranty period. However, in deserving cases it will be considered as per Rule 172 (1) of GFR-2017 by the competent authority.

**Special Condition:** The stipulated delivery date for completion of all activities to be performed by the supplier under contractual obligations i.e., supply of equipment/machinery and erecting & commissioning including all the civil, electrical works, if any under the contract.

S. No.	Description
1	The tenderer shall quote the rate by taking into account all the existing statutory duties/taxes up to the date of opening of tender and provide details in respect of this break up at the time of tendering. Any New Import or revision in the duties, taxes during the original currency of the contract will be to the purchasers account subject to production of Govt. notification and documentary evidence. This will also be applicable for the relevant quantity supplied during the extended delivery period, if such extension is on purchase’s account. However, if the extension of delivery period is on account of failure of supplier, no compensation shall be made towards upward revision or imposition of any new taxes. Any benefit on account of downward revision of duty either in original Delivery Period or during extended Delivery Period shall be passed on by the supplier to C-MET.

**11. STATUTORY VARIATION CLAUSE:**

S. No.	Description
1	Statutory Variation in taxes and duties, or fresh imposition of taxes and duties by State/Central Governments in respect of the items stipulated in the contract (and not the raw materials thereof), within the original delivery period stipulated in the contract, or last unconditionally extended delivery period shall be to C-MET’s account. Only such variation shall be admissible which takes place after the submission of bid. No claim on account of statutory variation in respect of existing tax/duty will be accepted unless the

	tenderer has clearly indicated in his offer the rate of tax/duty considered in his quoted rate. No claim on account of statutory variation shall be admissible on account of misclassification by the supplier/contractor.
--	--

## 12. Standard Governing Conditions

S. No.	Description
1	Tenderers must accept the C-MET conditions of contract, Instructions to the Tenderers, General Conditions and Special conditions of contract

## 13. CONDITIONS FOR ELIGIBILITY OF TENDERER

S. No.	Description	Confirmation Required
1	The tenderer must have supplied the same or similar items/Equipments to other organizations and documentary evidence must be furnished alongwith their offer evidencing the execution of such Purchase Orders. Tenderer's with past performance of satisfactory execution of contracts before the date of tender opening as mentioned above for the supply of the subject or similar items in last three (3) years from date of tender opening may be considered as responsive to C-MET requirements for placement of regular order.	YES

14. (i) The Tenderer shall furnish along with his offer the details of past performance of the machines, same or similar to those offered in the tender in the following proforma during the last 3 years:

S. No.	Name of Machine	Name of customer	Purchase Order No. & Dt.	Delivery due date as per PO	Actual date of delivery	Whether customer's certificate in respect of past performance of the machine is enclosed
(1)	(2)	(3)	(4)	(5)	(6)	(7)

(ii) Certificates from the customers to whom such machines have been supplied in the past, regarding performance of the machines shall be enclosed with the above information failing which the offer shall not be considered. Certificates from Central/State Govt. Departments & Public Sector Undertaking only shall be accepted, and performance from at least two such customers should be submitted. Same/Similar refers to function and capacity within reasonable range.

(iii) If the tenderer is not a manufacturer, but only an agent/trader, a certificate from the manufacturer authorizing him as agent shall be attached with the offer failing which the offer shall not be considered.

(iv) The tenderer shall submit with his offer particulars plant and machinery installed at his works as well as equipment for ensuring quality control and inspection. Details like make, capacity, quality, horse power of all plant and machinery shall be given. In case of an agent/dealer, the above details of their principal manufacturer shall be given.

(v) The tenderer shall submit with his offer details of man-power available with him showing the designation, no. of men, qualification & experience separately for each section like management, shop floor, inspection and quality control etc.,

(vi) C-MET has the option to verify the above information by physical inspection or otherwise by any authorized representative of C-MET at any time.

**15. ELEMENT OF FREIGHT FOR INDIGENOUS PURCHASE**

- a) In case where the consignees are more (say more than 4 or so), Tenderers are required to quota for the FOR station of dispatch prices with an average freight for all consignees, which will be added to FOR station for dispatch price to get FOR destination prices.
- b) In case where the consignees are 4 or less, Tenderers are required to quota FOR station of dispatch price with an actual freight for each individual consignee, which will be added to FOR station for dispatch price to get FOR destination prices for each individual consignee.

**16. TIMELY COMMISSIONING:**

In the event of contractors failure to have commissioned by the time or times respectively specified in the letter of acceptance or contract, purchaser shall levy Liquidated damages for the delay:

S. No.	Description	Confirmation Required
1	<b>Atmosphere Controlled Glove Box</b> Technical Specifications is to be read before quoting	YES

**17. COMPLIANCE CONDITIONS**

**Commercial-Compliance**

S. No.	Description	Confirmation Required
1	Please enter the percentage of local content in the material being offered. Please enter 0 or fully imported item, and 100 for fully indigenous items. The definition and calculation of local content shall be in accordance with the Make in India policy as incorporated in the tender conditions.	

## 18. SUBMISSION OF BID

1	Technical Bid	Documents should be serially arranged as per CHECK LIST WITH PAGE NUMBERING. This will be opened on 16.03.2020 at 11:30 hours
2	Commercial Bid (Price Bid)	Should contain only Price Bid. Date of opening of Price bid will be informed to those whose bid technically qualified.

### CRITERIA FOR PRE-QUALIFICATION OF TENDER AND NEGOTIATIONS

Specifications conforming to the requirement or better than that, Past Performance, Financial Soundness, Technical Competence, Total Cost and Organizational Capability of the Tenderer to provide installation, commissioning, after sale service and spare parts supply shall be some of the crucial parameters for pre-qualification of Tenderer's.

### RE-TENDERING

On finding inadequate response to Tender Notice or if the Prices quoted are substantially high and negotiations with the Tenderer's have not resulted in any positive response C-MET may not accept and Re-tender.

In case cartel is suspected, re-tendering will normally be resorted to.

### CORRUPT OR FRAUDULENT PRACTICES

C-MET requires that the bidders/suppliers/contractors under this tender, observe the highest standards of ethics during the procurement and execution of such contracts. In pursuance of this policy, the following is defined for the purposes of this provision, the terms set forth as follows:

- a) "corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of the public official in the procurement process or in contract execution and
- b) "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or an execution of a contract to the detriment of C-MET, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive C-MET of the benefits of the free and open competition;

C-MET Will reject a proposal for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

C-MET will declare a firm ineligible, either indefinitely or for a stated period of time to be awarded a contract if it at any time determines that the firm has engaged in corrupt and fraudulent practices in competing for, or in executing, a contract.

## **INTERPRETATION OF THE CLAUSES IN THE TENDER DOCUMENT**

In case of any ambiguity in the interpretation of any of the clauses in Tender Document, the interpretation of the Director, C-MET shall be final and binding on all parties.

## **IN CASE OF ANY LEGAL DISPUTE THE JURISDICTION WILL BE HYDERABAD (INDIA) ONLY.**

C-MET shall have the right to issue addenda to tender documents to clarify, amend, modify, supplement or delete any of the conditions, clauses or delete any of the conditions clauses or items stated therein. Each addendum so issued shall form part of **ORIGINAL INVITATION TO THE TENDER**. *Addendum/corrigendum will be posted in our website as well as in CPP portal only.*

## **FORCE MAJEURE**

The Supplier shall not be liable for forfeiture of its performance security, penalty or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

For purposes of this clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

If a Force Majeure situation arises, the Supplier shall promptly notify C-MET in writing of such conditions and the cause thereof. Unless otherwise directed by C-MET in writing, the Supplier shall continue to perform its obligations under the Supply as far as it is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure.

## **CANCELLATION OF ORDER**

C-MET reserves the right to cancel the order without any liability in case the stores/goods/equipments is not supplied within the stipulated period and for non-fulfillment of specifications.

## **ARBITRATION**

Any dispute between the parties on the purchase would be settled by arbitration. The Place of arbitration proceedings shall be at the place decided by C-MET. Applicable laws shall be laws of Union of India.

**19. GENERAL INSTRUCTIONS**

S. No.	Description	Confirmation Required
1	All conditions shall be as per tender document	
2	The bidder confirms that Rates and other financial terms quoted in relevant columns of financial bid will only be ruling terms for acceptance, and such terms quoted anywhere else should be ignored. [Denial of this condition not recommended]	
3	The bidder agrees to supply the tendered stores at the rates quoted by him in accordance with C-MET conditions of Contract and [OR] Special Conditions and [OR] other Conditions specified/attached with the tender	
4	Pre-despatch Inspection - By nominated C-MET official at Destination	
5	In case the date of bid opening falls on a gazette holiday or is subsequently declared as such, the bids will be opened on the next working date at the appointed time	

**20. SPECIAL CONDITIONS**

S. No.	Description	Confirmation Required
1	<p><b>Taxes/Duties</b></p> <ol style="list-style-type: none"> <li>1. Tenderer should clearly indicate Basic rate and applicable rate of GST &amp; HSN Code</li> <li>2. Tenderer's should ensure that they are GST compliant and their quoted tax structure/rates are as per GST law.</li> <li>3. In case the successful tenderer is not liable to be registered under CGST/IGST/UTGST/SGST Act, C-MET shall deduct the applicable GST from his/their bills under reverse charge mechanism [RCM] and deposit the same to the concerned tax authority</li> <li>4. While submitting offer, it shall be the responsibility of the bidder to ensure that they quote correct GST rate and HSN Code.</li> <li>5. Wherever the successful bidder invoices the goods at GST rate or HSN Code which is different from that incorporated in the Purchase Order, payment shall be made as per GST rate which is lower of GST rate incorporated in the Purchase Order or billed.</li> <li>6. Any amendment to GST rate or HSN Code in the contract shall be as per the contractual conditions and statutory amendments in the quoted GST rate and HSN Code.</li> <li>7. Vendor is informed that he/she would be required to adjust his/her basic price to the extent required by higher tax billed as per invoice to match the all</li> </ol>

2	Payment Terms: No deviation from the Payment Terms stipulated in the tender is permitted.

**CENTRE FOR MATERIALS FOR ELECTRONICS TECHNOLOGY (C-MET)  
HYDERABAD**

Technical Specifications of Atmospheric controlled Glove box

Atmospheric Controlled Glove Box is used for handling of Lithium Ion Batteries Electrolyte materials. It is also used to perform the work with contamination-sensitive materials under vacuum or in an inert atmosphere and to store the atmospheric sensitive materials.

S No.	Particulars	Specification
1	Glove box	Single Work Station Internal dimensions (mm): 1250 (L) x 1000 (H) x 750 (D) Material of construction: Stainless Steel (SS316) Thickness not less than 4.0 mm and also it should with stand the vacuum of 500mm WC and pressure of 500mm WC. Environment: Nitrogen, Argon
2	Box operating pressure	Between -50 mbar to +50 mbar Automatic adjustment with PLC used for controlling the pressure inside the glove box to a pre set range. The range of switch shall be from -50 mbar to + 50 mbar Positive pressure.
3	Glove box Ports	Anti chamber approx. $\Phi$ 350 mm Pressure sensor: 1/4" -01 No. Vacuum & gas purging: KF10 size-01 No. each Venting: 1/2" -01 No. Dry vacuum pump port for future up gradation
4	Front view window/ glass	Type: Scratch and chemical resistant toughened glass Thickness (mm): 9-10
5	Shelves	Minimum 2, Shelves are made out of SS316 with dimensions of 400 mm (L) x 175 mm (W) x 25 mm (H)
6	Feed through (leak proof)	Electrical: Minimum 2, with outlet power strip Extra: Minimum three blanked ISO KF 40
7	Antechamber	One Number Material of construction: SS316 Door sealing mechanism: Spindle lock/ Gas piston type or appropriate Main Antechamber : $\Phi$ 350 mm x L 600 mm Vacuum better than $10^{-2}$ mbar Outside of the chamber shall be powder coated 2 1/2" size dial gauge (Bourdon) shall be provided for measuring vacuum and positive pressure.
8	Tray	SS316 with dimensions of 200 mm X 500 mm with roller support.
9	Glove ports	Total: Two Port material: The glove ports are made of aluminum which shall be powder coated.

S No.	Particulars	Specification
		Diameter: 200 mm Sealing: O ring sealed The centre distance between the two gloves ports shall be 450 mm
10	Gloves	Material: Chemical resistant Butyl, Neoprene or any appropriate material from M/s. PIERCAN, France/USA, M/s. NORTH, USA Thickness: 0.4-0.6 mm Size: large
11	Vacuum pump	Type: A double stage Direct Drive Rotary vane mechanical pump of 100 lit/min capable of giving vacuum $1 \times 10^{-3}$ mbar. The vacuum pump is fixed with anti-suck back and gas ballast facility. It is connected to the system through flexible bellow to eliminate vibration and noise.
12	Plumbing lines and fittings	Plumbing lines consist of roughing lines made out of metal and flexible vacuum hose with KF Flanges. Roughing butterfly valve and pirani gauge head adaptor are fixed in the plumbing lines
13	Electrical	Lighting: Internal LED light assembly Operating voltage: 230 V, 50 Hz Party has to provide 3 points of 5A and one point of 15A inside the glove box.
14	Control system	PLC controlled for all basic functions & monitoring of box parameters. Details of PLC and functioning should be provided.
15	Stand	Should consist of a stand with locking and levelling casters
16	Safety Precautions	Adequate safety precautions shall be provided for smooth functioning of the unit. The unit shall be provided with pressure relief valve and the electrical connections with necessary safety precautions.
17	Inter Connecting Piping	The main pipes are connecting the vacuum pump to main chamber and antechamber of 1" Diameter flexible hose with KF-25 coupling.
18	Valves	Solenoid operated valves are provided to isolate pump from Glove Box and antechamber. They should be mounted outside the chambers. Also solenoid controlled valves shall be provided for back filling to Glove box and antechamber.
19	Flanges	'O' ring sealed flanges should be all machined.
20	Port Connections	All port connections should be of standard KF-10/25 couplings only.
21	Electrical Wiring	All components has to be wired internally with interlock logics and mains power operation from outside box.

S No.	Particulars	Specification
22	Electrical	Mains Supply : 230 V AC, 50 Hz. Single Phase 15 A
23	Mounting Stand	Support structure for the System has to be fabricated from MS Channel and Angle with supports and castor wheel for easy movement. Glove Box has to be accommodated above the stand. All the above components shall be housed in it with a front panel. The unit shall be mounting on 4 castor wheels for easy movement with jack bolts and arresting pads.
24	Welding	All welding has to be done by TIG Argon Arc welding by qualified welder following ASME Code Section IX.
25	'O' Ring	All O'rings used are Viton/Neoprene only.
26	Leak Testing	All individual components as well as total system should be leak tested using Helium Mass Spectrometer leak detector to an individual leak rate better than $1 \times 10^{-9}$ std.cc/sec.
27	Electro Polishing	All SS items are buffed and electro-polished to bright finish.
28	Pre-Dispatch Inspection	The items to be offered for inspection at manufacturer site and dispatched only after C-MET acceptance.
29	Installation & Commissioning	Items shall be installed at C-MET site at free of cost. The training has to be extended to C-MET staff for operation and maintenance of the system.
30	Warranty	The entire equipment should be guaranteed for a period of 1 year from the date of commissioning.
31	Qualification Criteria & Other Aspects	The vendor should provide list of institute/research centers where they have supplied similar system. Photographs and catalogues related to machine should be enclosed in the offer Dimensions of equipment, weight and space requirements should be submitted in technical offer. Installation & Commissioning should be carried out at C-MET, Hyderabad. Pre-installation requirements should be furnished One hard copy of all the operational manuals related to the system has to be provided along with the system. Assured spare parts and technical service/support for minimum five years in addition to warranty period.
32	Compliance Statement	Compliance statement of specification to be submitted along with the offer
<b>Optional accessories</b>		
1	O rings	One set of O rings
2	Gloves	One set Medium size gloves

**Technical compliance statement in r/o ATMOSPHERE CONTROLLED GLOVE BOX**

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
GENERAL	Atmospheric Controlled Glove Box is used for handling of Lithium Ion Batteries Electrolyte materials. It is also used to perform the work with contamination-sensitive materials under vacuum or in an inert atmosphere and to store the atmospheric sensitive materials				
<b>DETAILED SPECIFICATIONS:</b>					
Glove box	Single Work Station Internal dimensions (mm): 1250 (L) x 1000 (H) x 750 (D) Material of construction: Stainless Steel (SS316) Thickness not less than 4.0 mm and also it should with stand the vacuum of 500mm WC and pressure of 500mm WC. Environment: Nitrogen, Argon				
Box operating pressure	Between -50 mbar to +50 mbar Automatic adjustment with PLC used for controlling the pressure inside the glove box to a pre set range. The range of switch shall be from -50 mbar to + 50 mbar Positive pressure.				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Glove box Ports	Anti chamber approx. $\Phi$ 350 mm Pressure sensor: ¼" -01 No. Vacuum & gas purging: KF10 size-01 No. each Venting: ½" -01 No. Dry vacuum pump port for future up gradation				
Front view window/glass	Type: Scratch and chemical resistant toughened glass Thickness (mm): 9-10				
Shelves	Minimum 2, Shelves are made out of SS316 with dimensions of 400 mm (L) x 175 mm (W) x 25 mm (H)				
Feed through (leak proof)	Electrical: Minimum 2, with outlet power strip Extra: Minimum three blanked ISO KF 40				
Antechamber	One Number Material of construction: SS316 Door sealing mechanism: Spindle lock/ Gas piston type or appropriate Main Antechamber : $\Phi$ 350 mm x L 600 mm Vacuum better than $10^{-2}$ mbar Out side of the chamber shall be powder coated 2 ½" size dial gauge (Bourdon) shall be provided for measuring vacuum and positive pressure.				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Tray	SS316 with dimensions of 200 mm X 500 mm with roller support.				
Glove ports	Total: Two Port material: The glove ports are made of aluminum which shall be powder coated. Diameter: 200 mm Sealing: O ring sealed The centre distance between the two gloves ports shall be 450 mm				
Gloves	Material: Chemical resistant Butyl, Neoprene or any appropriate material from M/s. PIERCAN, France/USA, M/s. NORTH, USA Thickness: 0.4-0.6 mm Size: large				
Vacuum pump	Type: A double stage Direct Drive Rotary vane mechanical pump of 100 lit/min capable of giving vacuum $1 \times 10^{-3}$ mbar. The vacuum pump is fixed with anti-suck back and gas ballast facility. It is connected to the system through flexible bellow to eliminate vibration and noise.				
Plumbing lines and fittings	Plumbing lines consist of roughing lines made out of metal and flexible vacuum hose with KF Flanges. Roughing butterfly valve and pirani gauge head adaptor are fixed in the plumbing lines				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Electrical	Lighting: Internal LED light assembly Operating voltage: 230 V, 50 Hz Party has to provide 3 points of 5A and one point of 15A inside the glove box.				
Control system	PLC controlled for all basic functions & monitoring of box parameters. Details of PLC and functioning should be provided.				
Stand	Should consist of a stand with locking and leveling casters				
Safety Precautions	Adequate safety precautions shall be provided for smooth functioning of the unit. The unit shall be provided with pressure relief valve and the electrical connections with necessary safety precautions.				
Inter Connecting Piping	The main pipes are connecting the vacuum pump to main chamber and antechamber of 1" Diameter flexible hose with KF-25 coupling.				
Valves	Solenoid operated valves are provided to isolate pump from Glove Box and antechamber. They should be mounted outside the chambers. Also solenoid controlled valves shall be provided for back filling to Glove box and antechamber.				
Flanges	'O' ring sealed flanges should be all machined.				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Port Connections	All port connections should be of standard KF-10/25 couplings only.				
Electrical Wiring	All components has to be wired internally with interlock logics and mains power operation from outside box.				
Electrical	Mains Supply : 230 V AC, 50 Hz. Single Phase 15 A				
Mounting Stand	Support structure for the System has to be fabricated from MS Channel and Angle with supports and castor wheel for easy movement. Glove Box has to be accommodated above the stand. All the above components shall be housed in it with a front panel. The unit shall be mounting on 4 castor wheels for easy movement with jack bolts and arresting pads.				
Welding	All welding has to be done by TIG Argon Arc welding by qualified welder following ASME Code Section IX.				
'O' Ring	All O'rings used are Viton/Neoprene only.				
Leak Testing	All individual components as well as total system should be leak tested using Helium Mass Spectrometer leak detector to an individual leak rate better than $1 \times 10^{-9}$ std.cc/sec.				
Electro Polishing	All SS items are buffed and electro-polished to bright finish.				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Pre-Dispatch Inspection	The items to be offered for inspection at manufacturer site and dispatched only after C-MET acceptance.				
Installation & Commissioning	Items shall be installed at C-MET site at free of cost. The training has to be extended to C-MET staff for operation and maintenance of the system.				
Warranty	The entire equipment should be guaranteed for a period of 1 year from the date of commissioning.				
Qualification Criteria & Other Aspects	The vendor should provide list of institute/research centers where they have supplied similar system. Photographs and catalogues related to machine should be enclosed in the offer Dimensions of equipment, weight and space requirements should be submitted in technical offer. Installation & Commissioning should be carried out at C-MET, Hyderabad. Pre-installation requirements should be furnished One hard copy of all the operational manuals related to the system has to be provided along with the system. Assured spare parts and technical service/support for minimum five years in addition to warranty period.				

Technical Requirement	Technical Specification	Specifications of quoted Model	Compliance whether "YES" OR "NO"	Deviation, if any, to be indicated in unambiguous terms	Remarks
Compliance Statement	Compliance statement of specification to be submitted along with the offer				
<b><u>OPTIONAL ACCESSORIES:</u></b>					
O rings	One set of O rings				
Gloves	One set Medium size gloves
