Date: 28.02.2020

Corrigendum

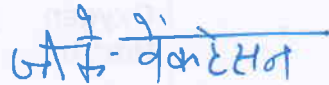

PROCUREMENT OF OXYGEN GENERATOR – OUT COME OF PRE-BID MEETING HELD ON 26.02.2020

Tender Ref. No.: C-MET/HD/SP-41/OG/08/2019-20/11618
dated 11.02.2020

Tender Document Sl. No.	FOR	READ AS
8.	Delivery Period The system should be supplied within 12 (twelve) weeks from the date of approved drawings	Delivery Period: The system should be supplied within 15 (fifteen) weeks from the date of approved drawings.
10.	PAYMENT TERMS Our standard payment term is 100% payment within 30 days against receipt, installation, commissioning, training and acceptance of material in good condition by NEFT/RTGS subject to submission of BG for 10% of basic cost covering warranty period including extended warranty period.	payment Terms: 40% advance against bank guaranty after acceptance of purchase order and approval of drawings 30% against inspection and delivery at CMET 30% against installation, commissioning and acceptance of the material in good condition subject to submission of BG for 10% of basic cost covering warranty period including extended warranty period.
10	Payment terms: 100% against delivery, installation and commissioning. Parties requested relaxations.	40% advance against bank guaranty 30% against inspection and delivery at CMET 30% against installation and commissioning
	Detailed specifications	
	Oxygen generation capacity: 50 Nm ³ /hr.	Oxygen generation capacity: 60 Nm ³ /hr.
	Air compressor & refrigerated dryer	Air compressor: Oil lubricated, air cooled Screw type, Make: Atlas

Tender Document Sl. No.	FOR	READ AS
		Carpo, ELGI/IR/KAESER/ similar reputed make Dryer- Make: Atlas Carpo, ELGI/IR/ similar reputed make
	Filtration system	Filtration system: cartridges should last atleast for 10000 hours of trouble free operation
	PSA Unit	Zeolite: make: CECA/ UOP/ Hangcheng/similar reputed make
	Flow sensor/meter	Flow sensor cum totaliser, make: Honeywell/ CS instruments/ similar reputed make
	Oxygen Analyser	Zirconia based Oxygen analyser, Make: First sensor/ Nucon/ Teledyene/ similar reputed make
	Electrical & Control panels	Panels: IP 65 panels PLC: Siemens/Schneider/similar reputed make
	Oxygen booster	Oxygen booster: Oil free compressor, make: SIAD/Boge/IR/KwangShin similar reputed make
	Other requirements: 1. Provision for nitrogen collection : During discussion it was found that it is not viable option for keeping nitrogen collection facility	Other requirements: 1. Provision for nitrogen collection is removed from specs.
	Additional requirements: Test reports:	Test reports of the metals for fabricated items to be provided during inspection. 10% radiography should be conducted for all the pressure vessels and 100% radiography should be conducted for oxygen storage vessel. Reports and radiographs should be provided during inspection of the system

The other terms & conditions of the tender document remain same & unaltered.
